GAS APPLIANCES INCLUDING GAS LOGS

The Virginia Uniform Statewide Building Code (VUSBC) requires a permit for all work on gas (propane or natural gas) appliances.

Permit is required for, but not limited to:

1. New or replacement of water heaters,
2. New or replacement of mechanical heating units,
3. New or replacement of gas logs,
4. New or replacement of gas dryers,
5. New permanent, gas fired generators,
6. New or replacement of gas stoves and ranges.

A permit is not required for:

1. Replacement of gas dryers,
2. Replacement of gas stoves and ranges.
